

Thinking Skills Programme (IE) equips students with skills required to take control of their own learning and which better prepares them for the world beyond.

EFFECTIVE CONTRIBUTORS

Mediation and Bridging will allow students to modify their cognitive functions and to be able to adapt to meet the various demands experienced in life.

RESPONSIBLE CITIZENS

FEUERSTEIN METHODOLOGIES

CONFIDENT INDIVIDUALS

Mediation will encourage students to self-reflect and increase their self-esteem in the learning process. The teacher helps students feel competent about their learning.

SUCCESSFUL LEARNERS

IE standard aims to help students to be autonomous learners through the development of problem solving skills.
