ADDITIONAL COMMENTS (Please add any further comments in the box below)

A great day really informative and very clear instructions/ideas how the instrument can be used in the classroom. I will use this with S3/4 pupils who are currently experiencing 'barriers'/difficulty with some of the standard material. Thank you!!

Really great Billy – you have explained it clearly and in a way that makes it easy to go back to school and put into practice.

Billy has immense knowledge, compassion & skill. I wish I could take him to school with me everyday!! What a privilege to have him as a trainer.

As usual quite fascinating!!! Lots of opportunities in non-threatening ways to explore connections, language, concepts & understanding of all.

Another enjoyable day

This instrument really makes sense. Will probably use it first, find going through every picture a bit tiresome – but maybe it is necessary.

Interesting as always, Many thanks
